

Who Are We?

We are MARCO, The Medical Amateur Radio Council. Our members merge our professional health care capabilities with our areas of interest within Ham Radio.

If you work with, support patient care, or interested in health care, MARCO is for you!

MARCO member Dr. Jay Garlitz volunteering by providing dental surgery gratis during the T33A DXpedition to Banaba Island in the Republic of Kiribati, Central Pacific.

We offer College Scholarships through the ARRL and the Foundation for Amateur radio.

The purpose of MARCO is to promote good will and fellowship internationally, among those amateur radio operators who are professionals in the healing arts, or have an interest therein. This is accomplished through on-the-air contacts, the MARCO Newsletter and annual meetings.

On the air network operation is considered an integral part of MARCO, and is conducted for the purpose of discussing medical and technical information, and when necessary, assisting in medical emergencies and other priority traffic.

Additionally, MARCO expands its public service endeavors (501c3) through MediShare, a program supported through voluntary contributions. MediShare encourages members worldwide to provide expertise and surplus medical supplies and equipment to underserved and developing communities."

MARCO is health care and radio active. Etsuo JA0BXP a Radiologist in Japan joined us on our 2019 MARCO DXpeditions to be on our team at V31D in Belize, HQ9D in Roatan Honduras and to ZF2D in Grand Cayman.

We keep in touch through our Grand Rounds on-the-air MARCO net with CME each week, our excellent newsletter The Aether, by our google group listserv, committee e-mail lists, and social media, and an Echolink net on node 6154- *WASH_DC*

You are valued at MARCO. Physicians and dentists of all specialties, chiropractors, psychologists, veterinarians, podiatrists, nurses, pharmacists, physicians assistants, and those in our health related fields, or in the support of health care (refer to our By-laws online) - we look forward to your application for joining our team as full members.

Students and others who are interested in what we do are welcome to apply for associate membership.

Our members are involved in many of the committees of our organization, Projects-MediShare, EMComm, Scholarships, Meetings, DXpeditions, Electronic Communication, Website-Publicity. **What interests you?**

For more information write us at HamsCare@marco-ltd.org

14 members of MARCO and their spouses bonded through the experience of doing three radio deployments onto land from a ship on consecutive days—a difficult task. Mission accomplished!
